

SESAME

Synchrotron-light for Experimental Science and Applications in the Middle East

Date: 5/1/2026

Mr. Muhammad Hasan
Cairo University
Egypt

Dear Mr. Hasan,

I am pleased to inform you that you have been selected to participate in the "INFN-SESAME Efficient Scientific Computing (ESC@SESAME) International School" that will be held at SESAME premises (Allan) Jordan from January 31st to February 6th 2026.

With great thanks, your travel expenses and registration fees, including accommodation, are fully covered by the Arab States Research and Education Network (ASREN) through its mission to support HPC activities in the region via the EUMEDplus project.

(<https://www.asren.net/page/eumedplus>).

Please provide your confirmation of acceptance at your earliest convenience to the SESAME User Office and ASREN

(roa.alnatour@sesame.org.jo, razan.aldurbee@asren.net).

With kind regards,

Atef Elkadime

Director of Administration
SESAME
